*I took the self-Insured training two years into my business. My only regret is not having taken the course two years earlier! I expected to pick up a few tips that would enhance my business process (which I did); however, Pat and Nora introduced me to new ways of thinking about my reviews from top to bottom.*

*The course was very in-depth and detailed and was taught in an organized, easy-to-understand way. Pat and Nora's course outlines the review method step-by-step and provides real-life examples to help understand the process better.*

*I am excited to start working with self-insured clients, as well as with TPA clients in a consulting role--to identify where weaknesses exist in their processes. I highly recommend the course to anyone who is considering taking it. It was worth every penny! Thanks Pat and Nora!*
